Chorus

*This is your child, who comes to you for more
Yes I, I'm your child, and I know you know
I need you more, as you can see I am falling
So please come right now, this pain is getting stronger.*

Verse 1

Oh, my God, I've been waiting for so long
I need your anointing, to feel and be strong
The enemy has me tied up
I am bound
But I can't take it no more, no more
Please Lord Jesus hear me when I say

Verse 2

Many are called
Few are chosen
I want to be amongst the ones you choose to be with you,
And to live eternally with you
I don't want to be, just an ordinary
So this is why I have to cry
Don't turn your back on me, just hear me please...

Verse 3

We're all God's Children
Just call on Him anytime
He's here for you, he's here for me
In whatever the circumstances may be
I've had my situations
I've overcome them all
All I did when I was down
Was cry to Jesus Christ and say...
