Verse 1.

Say me have some brethren in a Kingston city
Used to tease how mi come from country
When them hear wah we talk and things wah we plant
Them say them nah lef the city

Them never know inflation would rise so high
Food prices lick the sky
Till them buy piece a yam and two jelly
Every man want come a country

CHO

Country life
Country life

The only way to servive in a is yah time
Country life
Country life
Them only member this when them see hard time
Country life
Country life
The only way to servive in a is yah time
Country life
Country life
Country life

Verse 2.

Them hear how we wake up to cerasse, lime leaf or hot chocolate tea
What sweet like run dong, banana dumpling and two cassava bammy

Them never know doctor bill would rise so high
And medication really fly
Them want bush doctor wid bush remedy
Sarsi parilla and medina weed

Verse 3.

Gas gone up water bill too high not to mention electricity
When summer get hot them a burn A/C and them can't pay the bill

We make wood fire and roast breadfruit with two doz ackee

Then we drink some wash with three green lime hold a bath in a fresh water spring

Verse 4.

Most people drive car living in the city

Transportation really easy

You see big pretty bus with dvd and some a them have A/C

Bus fare and parts really rise up high

And everything have GCT

When walking man can't teck no more

Every man haffi hold a donkey
