Let's get together and celebrate  
Stop the cussing and fussing come celebrate  
Dis a fi wi little island  
So nuh mash up the place  
Come one come all, let's celebrate wi 46

Oh Jamaica, my Jamaica, oh Jamaica, sweet Jamaica  
It's independence time again, it's festival time again

Life could be so nice, like stew peas and rice  
We could cook the pot together  
Season it just right  
So stand up and be counted  
Out of many we are one  
So come one come all, let's celebrate wi 46

Oh Jamaica, my Jamaica, oh Jamaica, sweet Jamaica  
It's independence time again, it's festival time again

Nice time come again, everybody is gonna live again  
Nice time come again, everybody is gonna love again

Oh Jamaica, my Jamaica, oh Jamaica, sweet Jamaica  
It's independence time again, it's festival time again

After 46 years of independence  
Wi stop ride jackass, an a drive car  
Wi have to look to the future

Come let's build our nation  
Let's get together, and show our pride  
A fi wi little music gone world wide  
So let's blow our horns, mek wi knock the drums  
Come one come all, let's celebrate wi 46
