

CRY FOR CHANGE

Written & Performed by: N'VOY

1. All I have within me, I'm giving you today
My heart my soul my thoughts, please guide them I pray
To walk the straight and narrow, to be faithful to your
way
I wanna be changed, I gotta be changed

Tag: Every day of my life seem to be the same
Buried down with regrets, is the theme I replay
Oh Lord, hear me when I'm calling out your name
I need you Jesus, I need a change.

Chorus

***So I cry to you today
I surrender my will to your way
Transform me Lord, don't want to be ordinary
I want to be changed, I got to be changed.***

2. You said if I submit myself to you
I'll know your purpose for me
My life will testify your love as a sacrifice to thee
You've called me to your ministry
To your way I will conform
Anoint me your chosen one to heed your awesome call.

Chorus

**Bridge: Now I can see the ray of light
The season of change is spreading through my
life
Yesterday's gone, the anointing flows on
Got to claim it, receive it, believe him for the
change...**

Chorus (twice)
