

MERCY

Written & Performed by: ORALE JOHNSON

1. Oh so often I turn away from your outstretched hands
Often I get confused I can't seem to understand
But then I remember you're God, you're God and God
alone
Yesterday, today, and forever the same
Now I can always call on your name
You give me mercy; now I can never be the same.

Chorus

***You gave me mercy, mercy and grace
When I opened my eyes and saw your face
You gave me mercy, mercy and love
When I look to the skies above
You gave me mercy.***

2. So many times I feel this yearning within my heart
I'm gonna give you my life today, I gotta make a start
'Cause when I was lost and stained by sin
My Jesus cleansed me deep within
Giving me mercy unconditionally when he gave his life on
Calvary
Just to redeem me and set me free.
3. My God has never failed me yet, he's ever on time
His love goes beyond what men can see
He's been so ever faithful, faithful, faithful to me
He gave me mercy, love, and mercy.
